

Scouts Given Antique Flag

An American flag from the Spanish American War was presented to Cub Pack 371C at their first meeting recently. The flag was given to the boys by Mrs. Josephine Almon, on behalf of her husband who served in the war as Calvary Corporal from 1898 to 1902. Seventeen boys were inducted into the pack at this meeting.

Mrs. Clair Fillman, Mrs. Ruth Walters, and Mrs. Virginia Schiffer volunteered to serve as den mothers. Den meetings will be held in their respective homes on Saturdays. Committee chairman, David Watson, paid special tribute to a color guard from Walteria Troop 240C which instructed

the group in the formation of a color guard. The boys were brought from Walteria by Charles Davis.

Sports Car Racers

Eugene R. Hill, Ray Pickering, and Ruby Vincent are among the well known sports car racers in Torrance.

County Health Official Recommends Rabies Shots

By ROY O. GILBERT, M. D.
Los Angeles County Health Officer

Rabies is now prevalent among the animal population in the southern part of Los Angeles County, and within this area 122 dogs have contracted the disease during the past few months.

Dear Editor...

Schwab Praised

Editor Torrance Press:
Attention:
Councilman Mervin Schwab
Dear Councilman Schwab:
Congratulations for your courage on the rabies issue.

We are very recent residents of Torrance. From our home in Long Beach, we had watched with interest the rabies issue here as our plans included buying a home in Torrance (now under construction).

The safety of our 8-year-old daughter concerned me. Two months ago when the law was rejected, I honestly wondered if we had made a wise choice in locating where was an apparent negligence for the safety especially of children.

But your stand on Tuesday night now prompts me to add my thanks to a list of grateful mothers.

Sincerely yours,
(s) HELEN S. EGGLESTON
2074 Middlebrook Ave.
(temporary address)

Sympathy Appreciated

Editor,
Torrance Press,
May I express our thanks to the Press staff and to all in Torrance and surrounding communities for their many kindnesses during the recent illness and death of our dear husband and father, Herbert C. Allen.

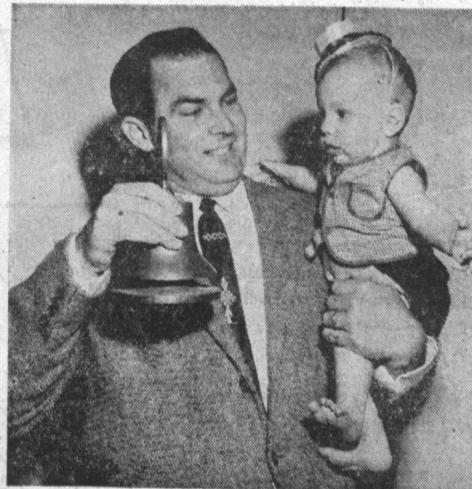

All the personal calls, cards, letters, flowers, and the Barbershoppers of the SPEBSQSA stopping in to sing for him made him very happy.

The many messages of sympathy and condolence have been indeed a comfort—deeply appreciated and gratefully acknowledged.

Sincerely,
Mrs. Inez J. Allen,
Mr. and Mrs. Hugh C. Allen
Mr. and Mrs. Wayne Coleman.

Editor's note: The Torrance Press welcomes all expressions of opinion and will be glad to reproduce letters from our readers so long as they do not contain libelous statements. It is absolutely necessary, however, that all letters be signed. Upon request, we will be glad to withhold publication of the signature. A number of letters have been received re-

Living It Up

YOUNGEST MEMBER attending the Father-and-Son dinner held by the Kiwanis club Monday night was Scott Hofferber, 5 months, son of Dr. and Mrs. Allen H. Hofferber of 1624 Iris. Youngsters were showered with attention and gifts.—Press Photo

FAIR TO FEATURE KITCHEN

An exciting model kitchen featuring California arts and artists and the world premiere of three gleaming gas appliances is sure to be the hit of the Arts in Western Living exhibit at the Los Angeles County Fair in Pomona, Sept. 16-22.

The three new appliances which will be shown for the first time publicly, are a built-in Western Holly rotisserie broiler, a pre-production-model Servel horizontal built-in refrigerator, and an O'Keefe and Merritt built-in combination washer-dryer unit.

The kitchen, designed by Robert W. Kite, of the firm of Miller, Royer, and Kite, offers sound planning, effective design and decoration, and the utmost in work-saving equipment for the modern homemaker.

Architect Kite kept in mind today's basic needs for a kitchen in which food could be neatly stored, easily prepared and served, and cheerfully eaten.

Glendora, South Pasadena, and El Monte have all had such a law for a number of years.

Whittier has a modified form of the law that extends only to stray dogs. These must be vaccinated before they are released from the animal shelter.

All health authorities recommend that compulsory anti-rabies vaccination of dogs be done for the good of both dogs and man. People have little hesitancy in protecting themselves from many serious illness by vaccination, and it seems no more than ordinarily humane that this form of disease prevention be extended to the animals who serve as their intimate household pets.

Pamphlets describing rabies and its prevention in greater detail will be mailed to anyone who sends a card of request to the Los Angeles County Health Department, 241 North Figueroa street, Los Angeles 12.
